# JASON VAN'T HULL

**GOLF COURSE MAINTENANCE | GREENKEEPING WORKER**

Dutch / EU Citizen • Available to relocate throughout Europe • Available immediately

## PROFESSIONAL PROFILE

Practical and reliable golf-course maintenance worker with approximately 15 months of hands-on experience on Dutch courses with Hollandsche Greenkeeping Maatschappij (HGM), including The International and Golfpark De Haverleij. Experienced in routine greens, bunkers, tees, fairways and grounds maintenance as part of professional greenkeeping teams. Comfortable with physically demanding outdoor work, early starts and cold, wet and snowy weather. Has supervised exposure to course machinery but is not an experienced operator or mechanic; keen to develop skills through hands-on training.

## CAREER OBJECTIVE

Seeking an entry-level golf-course position to build on my greenkeeping experience and develop further skills in course maintenance, turf care, irrigation, machinery and wider course operations under experienced staff.

## KEY STRENGTHS

- Golf-course and general grounds maintenance; routine course preparation and upkeep.
- Hand tools and assigned maintenance equipment; willing to learn new machinery and procedures.
- Winter work experience, including snow removal and salting; comfortable in cold, wet and adverse weather.
- Follows instructions and safety procedures; adaptable, reliable and practical problem-solver.
- Equipment, stock and asset handling; works independently or in a team; flexible with early starts and weekends.

## GOLF COURSE & OUTDOOR EXPERIENCE

### HOLLANDSCHE GREENKEEPING MAATSCHAPPIJ (HGM)

***The International – Amsterdam*** *- The Netherlands*

**Golf Course Maintenance Worker / Greenkeeping Labourer**

October 2022 - May 2023

- Performed daily course and grounds maintenance across greens, bunkers, tee boxes, fairways, rough and surrounding areas as part of a professional team.
- Gained supervised exposure to assigned maintenance equipment, including Toro Reelmaster 5010 and Toro Sidewinder 3100.
- Assisted with hollow-tine aeration, drainage and divot repairs, green dewing, weed-eating, range maintenance and daily course preparation.
- Completed course walks and invasive-weed control, including targeted pesticide/herbicide application under instructions; also carried out winter snow removal and salting.

### HOLLANDSCHE GREENKEEPING MAATSCHAPPIJ (HGM)

***Golfpark De Haverleij –'s-Hertogenbosch*** *- The Netherlands*

**Golf Course Maintenance Worker / Greenkeeping Labourer**

February 2019 - July 2019

- Performed routine course and grounds maintenance as part of a professional greenkeeping team.
- Repaired pitch marks and divots; assisted with tee-box maintenance, reconstruction and renovation.
- Carried out green dewing and drainage maintenance; maintained course fixtures including tee markers, signage and benches.
- Operated the bunker bike and independently raked and maintained bunkers; assisted with bunker reconstruction under experienced greenkeepers.

## PROFESSIONAL EXPERIENCE

**WISPERNET** – *South Africa*
**IT Service Delivery & Operations**
November 2024 - Present

- Coordinate daily support operations, field-team activities, workloads and equipment; allocate jobs by skill, location and urgency and follow them through to resolution.
- Provide practical and technical support to field technicians and manage changing priorities and communication during service interruptions and high-volume periods.
- Monitor operational performance and identify improvements to scheduling, resource use and service delivery.

**FRONTIERCO** – *South Africa*
**Electronic Asset Coordinator / IT Coordinator**
2023 - 2024

- Managed electronic assets across branches, warehouses and Head Office, maintaining records of equipment location, condition and lifecycle.
- Audited equipment and coordinated movements, repairs, replacements, utilisation and disposal with internal teams and suppliers.
- Created and maintained Excel-based asset tracking and reporting systems for equipment used by more than 250 staff.

**RICOH** – *South Africa*
**Inventory Controller**
April 2014 - January 2019

- Managed warehouse and inventory operations, including receiving, issuing, picking, packing, stock transfers and accurate stock records.
- Coordinated procurement, purchase orders, supplier communication, freight and deliveries.
- Worked with warehouse, service and operations teams to maintain equipment availability and manage competing priorities.

## TRANSFERABLE VALUE FOR A GOLF COURSE

My background combines hands-on outdoor work with practical equipment, stock and operational experience. I learn procedures quickly, follow instructions and take responsibility for assigned work. Although my golf-course machinery experience is still developing, I welcome structured training and am open to course maintenance, grounds, stores, equipment or operational-support roles.
